

A Message from Dr. Gautreaux

As we approach the end of a great 2023, we wish each of you and your families a happy and safe holiday season. At Touchstone, we have so much to celebrate and be thankful for. Several of our clients have made successful transitions to school settings. So many of our clients have made substantial gains this year. These accomplishments are possible for several reasons. The dedication and commitment of our staff and our unwavering commitment to providing world-class services to your children. Our staff recently completed a full-day professional development opportunity. We had great questions, highly active participation, and meaningful teamwork and I think everyone walked away with something valuable to take our services to the next level.

One of the most important reasons for our gratitude is our families' commitment to attendance and treatment plan adherence. We thank you for helping your child receive the best services possible by ensuring they are in attendance regularly and we appreciate that we can count on you to support our treatment and intervention plans. Staff continue to acquire new certifications and competencies.

We look forward to the opportunities 2024 will bring and we are confident we can also weather any challenges with your continued support and cooperation. We strongly believe we will continue to accomplish great things for the children at Touchstone ABA and their families.

Dr. Gautreaux
Touchstone Senior Behavior Analyst
